Email received from Steve after the British Sprint Championship, final round at Anglesey, October 2013:

'It hasn't got better than this all season! After first t12 run I improved time to 49.11. But Terry was 49.10 and Graham 49.01. Didn't leave anything in the table next run, car slightly damaged but avoided anything major and posted a new 2 litre record of 48.45 to finish 2nd in run off! Gearbox change, damage repair, tyre prep, awards and beers to drink right now!'

Steve finished 2nd in Class and 4th Overall in the British Sprint Championship 2013
