14 July	Bouley Bay	Hillclimb Run offs: R19 - 1st 36.48s New Course Record, R20 - 3rd 37.14s
		<p><b>The Guernsey Press and Star reported on the Jersey event with the following piece written by Matt Lihou. Willis blew the rest 'out of the water'</b></p> <p><i>Guernsey star Darren Warwick has described Trevor Willis' record breaking Bouley bay hillclimb run as one of the finest drives he has ever seen. The prestigious British hillclimb Championship arrives in Guernsey today and while Scott Moran is expected to be the man to beat, Willis is in a rich vein of form. He won both rounds in Jersey on Thursday to close the gap on rival Moran at the top of the overall standings with the two fastest times ever recorded up the hill. The 37.14 second effort at the end of the day that won him round 20 was quick, but it was his spectacular attempt a couple of hours earlier that earned him a standing ovation from his rivals.</i></p> <p><i>As he was preparing in the pits, he witnessed the previous record of 37.79s broken by each of Richard Spedding (37.78), Scott Moran (37.47) and Wallace Menzies (37.39) in succession. Willis decided to take it one step further, though, by obliterating Menzies' new mark with a staggering 36.48 that left his rivals well in his wake.</i></p> <p><i>It had Guernsey's best driver Warwick purring in admiration at the drive. 'In the hillclimbs I have seen or been involved in, which is about 25 years of driving and another 10 years or so before that watching, that is one of the finest drives I have ever seen' he said. 'Clearly, car technology moves forward year-on-year and it isn't a huge surprise to see these guys get quicker each time, but to blow everyone else out of the water like that is incredible. Everyone else before him was nibbling away a bit at the record and then he just took it to another level by beating everybody by nearly a second'.</i></p>
3 July	Harewood	British Hillclimb Run offs: R17 - 1st 49.25s, R12 - 3rd 49.95s
2 July	Barbon Manor	British Hillclimb Run offs: R15 - 2nd 23.75s, R16 - 1st 23.40s

11 May	Harewood	<b>FTD - 49.62s,</b> British Hillclimb Run offs: R5 - 1st 49.62s, R6 - 1st 50.10s
	Excerpt from Motorsport News 14.5.14: 'Trevor Willis moved up from joint fifth place to second in the championship with four dominant run-off victories on what is one of the most logistically challenging weekends in the series. Willis, modest as ever, claimed that the success was not as straightforward as it appeared: "At Barbon, even though the track was drying after earlier rain on the bumpy surface, it meant the car was squirming as the weight came back on the wheels. Harewood is a difficult track to read, you can think you have done well but the opposite is true. In the last run off I felt I had not done enough but it shows how wrong this hill can make you".'	
18 May	Loton Park	<b>FTD- 45.54s,</b> 1st in both the Midland Hill Climb Run-offs
25 May	Gurston Park	British Hillclimb Run offs: R7 - 3rd 26.38s, R8 - 3rd 26.36s

	<p>Excerpt from AUTOSPORT Magazine 20.12.12 - Willis and Moran win to take title fight to the finale.  <i>'The title fight between Trevor Willis and Scott Moran will go to the Loton Park finale on the last day of September after each took a win at Doune. Moran had trouble with a damp track in he firs turnoff, but backed to win the second as Willis escaped the barriers on the last run of the event. While there are 40 points between them, Willis is now just four ahead after accounting for dropped scores. "The track was patchy after rain and I touched the barrier," said Willis. "It spat the car back into the middle of the track."</i></p>	

Trevor at Gurston Down May 2012.

Steve (SBD) & Chris from MBE joined Trevor when he was testing his OMS at Curborough in April 2012 to fine tune his new MBE9A9 ECU with traction control, launch control & closed loop lambda fuel mapping.

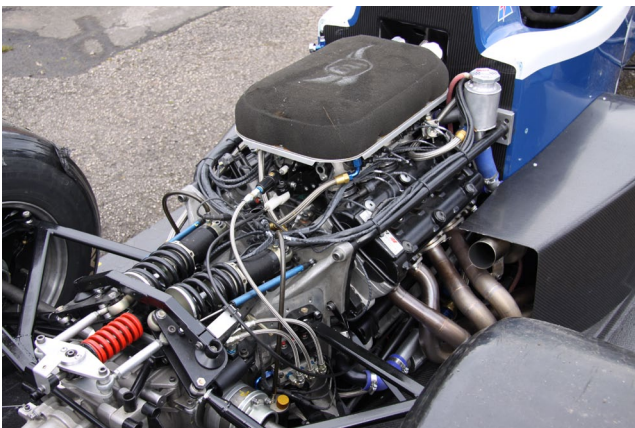

Trevor is delighted with the new system, saying that the traction control & launch control has helped dramatically particularly in the changeable conditions this year.

Trevor Willis testing at Curborough April 2012.

7 Oct	Shelsley Walsh	British Hillclimb Run offs: 6th - 24.02s, 6th - 24.32s

In March 2007, Trevor took his OMS to Curborough to meet with Steve to map his upgraded engine. The engine has been upgraded from last years standard Powertec V8 with SBD throttle bodies & MBE management system. This year we supplied Trevor with a new design cylinder head, pistons & camshafts, along with continuing with the SBD throttle bodies & MBE management system. The engine was put together by Powertec, who are very pleased with the result.

Trevor Willis's 2.6L V8 Hayabusa engine

In 2006 Trevor's new 2.6 litre Powertec built V8 debuted in the back of his latest OMS single seater at Gurston in May, and SBD's Steve Broughton was on hand carrying out closed loop mapping of the engine during the car's first runs in anger anywhere.

2006 Avon + BMTR Top Ten Challenge, 8th overall

2006 Nicholson McLaren MSA British Hill Climb Championship, 11th overall

Well Done to Trevor

Top 2.0L Driver in the British Hillclimb Championship 2005, shown above & right at Harewood May 2005, 1st in Class & 5th & 12th in Top 12 run offs 52.26s.

Gurston Hillclimb, Single Seater up to 1601cc to 2000cc Record 29.5.05 - 28.08s

Trevor at Harewood

Pictures courtesy of 'Whatnonegatives'

Trevor's 2005 season started with FTD at Harewood hillclimb on Easter Sunday in his 2.0L Vauxhall powered OMS CF04 in a time of 63.56s

In 2003, Trevor was 5th overall in the British Sprint Championship.

Trevor's OMS had our TP290+ kit on his 2.0L Vauxhall engine.

Trevor stayed top 2.0L driver & finishing 8th Overall in the Tran-X MSA British Hillclimb Championship 2002.

Trevor at Bardon Manor in 2002
